

# Introducing... **Mark-it**<sup>TM</sup> Brand

**Self-Stick, Dry-Erase Products**  
from Troy School & Office Products

**Dealer, Distributor,  
and Sales Rep.  
Inquiries  
Welcome!**

**An exciting new concept in dry-erase technology!  
Turns any smooth surface into a dry-erase board.**

- Works great with all dry-erase markers and erasers.
- Full self-stick backing and strips adhere to most smooth surfaces.
- Converts any wall or other smooth surface into a high quality, dry-erase board.
- All products apply easily and can be removed and reapplied as needed.
- Adheres to most clean, dry surfaces including walls, chalkboards, existing worn white boards and other surfaces where a dry-erase surface is needed.
- Low cost, high quality alternative to more expensive dry-erase products.
- Saves paper and the environment. Mark-it self-stick, dry-erase products are reusable.
- Works well as a projector surface.

**Item 101 - 25" x 30" Dry Erase Presentation Easel Pad with 10 perforated self-stick sheets.**  
Each paper sheet has a 1" self-stick, adhesive strip across the top/back of each sheet for mounting on any clean, smooth surface.

- **Available in both coated paper and more durable polyester film, in both sheets and rolls.**
- **High margin/net profit potential from repeat sales of a consumable product.**
- **Excellent products for overall cost reduction and other budget conscious customers.**

Pressure sensitive, self-stick backing strips adhere to most smooth surfaces. Sheets can be applied, removed, reused and repositioned as needed.

**Market your next idea on a... *Mark-it* Self-Stick, Dry Erase Product from Troy School & Office.**
